DYED YARN SURVEY

We would really appreciate your help so we can offer you the dyed yarns you love.

Everyone who responds to this survey will have their name entered in a drawing to win a skein of a YOD yarn of your choice.

Thanks for loving our yarns as much as we do!

[Survey link](#)

Dear Barb,

I can't believe another year is almost over. Happy Holidays! I'm including a few fun things for the young and young at heart. I also have a quick survey to help us plan the dyed yarns for next year. I hope you can take a minute to answer it.

Peg Loom

This pegloom by Harrisville Designs is a great gift for your young child or grandchild. It's a nice way for children to discover the magic of weaving. Everything is included for the first project. Then they can make 'mug rugs', dollhouse rugs, or even put several together for purses or bags. Hours of fun.

Suggested age is 6 +.

Lap Loom

Want something a bit larger, but just as much fun? Try the Lap Loom B. It's large enough to make placemats, pillow covers or wallhangings on! Everything is included for the first project. Suggested age on this is 9 and up.

Easy Weaver & more

And for those looking to weave a longer piece, there's the Easy Weaver which comes set up and ready to weave a 15" x 3 yd long scarf or two. Instructions for future projects is included. Suggested age on this is also 9 and up. Click on the picture for the Easy Weaver and/or click here for lots of other rigid heddle looms.

My wish for you is peace and time to enjoy your fiber fantasies.

THANKS!
Barb Gallagher
