Dear Moya,

Hope you are having a good spring - in spite of the weather!

## add some sparkle with JAZZ!

Jazz is made in the uSA! This yarn is soft enough to knit or weave alone - or it can be paired with your favorite yarn. I've had some customers come up with some very striking combinations. See what you can come up with!

Aprox 1 oz/ 260 yards - 66% Rayon; 34% metallized polyester film - guage varies on how you use it.

## STRING ME ALONG

Here's another really fun yarn with Sequins. Makes it so simple to add some glitz to your knitting or weaving project. Comes on a 50gm cone with aprox 320 yds. I have 4 colors in stock. Looks much better in person than the picture.

## ON THE LOOM..... (Merino Tencel)

This beautiful sample was woven by fellow guild member Estelle Pearson. It is woven with Merino Tencel - The blend of merino and Tencel creates an absolutely stunning fabric that is soft, has fabulous drape, and a subtle sheen. It is perfect for both knitting and weaving. The yarn comes on an 8.8 ounce cones with 1540 yards on it. Knitters: lace weight Weavers: sett 15 - 20 epi

This woven sample is a Herringbone pattern on 4 harnesses. I'll be glad to include a copy of the pattern if you request it with your order.

Don't forget to send pictures of your projects made from any of our yarns! And if you sent one, or I've taken your picture, please check the [gallery page](#) - if you don't see your name, etc - PLEASE send me your info!

Sincerely,
