Dear Moya,

Happy Thanksgiving. Hope you enjoy your holidays.

QUICK Projects - Knitting or Weaving

It's that time of year when most of us are trying to squeeze in some last minute gifts. Here are a couple of my suggestions:

1. Add a little glitz to one of your yarns for a very festive scarf. I've found String Me Along to be easy and fun with lots of colors and sequins! Knit with it or weave with it!

2. Or try Jazz which can be used alone, as an add-along or can be added as part of your fringe.

SPECIAL OFFERS -

now thru 11/30 -
Limited to stock on
hand.

1. 10% OFF :

Merino Tencel
Alpaca Silk

**2. Buy One, GET
TWO FREE** Bracelet
kits only \$20 for all 3!

3. Take an extra 20%
off any item on the
sales & specials page.

These savings will be
refunded to you via
Paypal as soon as I
process your order.

AND we have looms,
weaving kits, and of
course lots of fabulous
yarnsall in stock
and just waiting for
you.

Call or email if you
need anything or I can
help you.

3 Use a heavier weight yarn - worsted weight is a lot quicker to knit up than a lace weight. I am mostly a weaver, but I've been enjoying using the PolarKnit yarns. Here is a link to some free PolarKnit yarn patterns.. A lot of these only require 1 or 2 balls. Remember, I only carry the worsted weight.
