Wisconsin Sheep & Wool  
Jefferson, WI

Sept 15-16  
A Wool Gathering  
Yellow Springs OH

Sept 21-22  
Third Coast Fiber Festival  
Detroit MI

Dear Moya,

I had a wonderful vacation this summer and had a chance to meet a couple of my suppliers and gain a couple of new ones.  
Hope you've had a good summer too!

### TUBULAR SPECTRUM - NOW IN SIZE 5/2

OK - so this is ***MOSTLY*** for weavers, especially those of you that have cringed looking at the size 10/2 yarn

But Knitters -  
**this IS a fingering weight**

Same set of 20 colors - available individually or in the 20 color gamp kit.

### HEMP - A GREEN FIBER

Today as a fabric, hemp provides all the warmth and softness of other natural textiles but with a superior durability seldom found in other materials. Natural organic hemp fiber "breathes" and is biodegradable.

### COTTON KRINKLE

This is one of the yarns I picked up this summer.  
100% Cotton, approx 940 yards/lb.

Knitters: 14 wpi  
Weavers: 8 epi

Makes great towels, or knitted washcloths. I could also see it knitted up as a summer top.

As always, thanks for your continued support!

Sincerely,

Barb Gallagher
