Dear Moya,

Hard to believe my show season is about over. Soon it will be time for some personal projects and enjoying our beautiful fall. Hope life is good for you too!

STRING ME ALONG..... **it's BACK!**

You've asked - so I brought back this glitzy carry along yarn with sequins! Also have patterns for making some glitzy jewelry too - as seen in the photo.

SUSTAINABLE COTTON

These yarns are made from cotton that is grown in colors other than white. The color is a part of the fiber and therefore does not need dye. The cotton is grown in the southwestern US, and spun here in the US. It is produced by a consortium of growers that are using sustainable farming practices such as Integrated Pest Management, sensible water usage and low chemical input.

American Maid
These yarns are called American Maid cottons and listed under Organic and Sustainable Cottons. They are available in natural colors of light and dark green or brown. Sizes:

10/2 - Knitters Laceweight Weavers: 24-30 epi

10/2/4 - Knitters: Light Worsted

OUR WEBSITE

Did you know.....

- We have a [Gallery Page](#) so our customers can show off their projects using our yarns?
- We have an [InFibermation](#) page with yarn setts and more for weavers, plus yarn gauge and needle information for many of our great yarns?
- We offer private weaving [lessons](#) to suit your busy schedule?

HAPPY HALLOWEEN!

Sincerely,

Barb Gallagher
