Dear Moya,

WOW - I recently spent a weekend at a workshop - dyeing AND weaving AND I learned some new things.

Hope you have time this spring to learn some new things too!

JUL BUTTONS & CLOSURES

Doesn't matter if you weave, knit, crochet or felt these can work for you. AND the best part is that these are "No-SEW". Most of these work with a special screw so you can attach it to one side of the cloth and then push the screw through the other side you want to hook it to. You can change it's position every time you wear it (or not!). Very versatile.

I carry a selection of resin or leather buttons, leather french closures, leather hinges and shawl pin.

New Colors of HEATHER DYED ALPACA

Several new colors of this popular yarn are now available and in stock.

As shown from left to right:

Lime, Sky, Aster, Mint

As always - thanks for your support!
