## In This Issue

Teaching Schedule  
On the Loom  
New yarn on cones

### TEACHING SCHEDULE

Yes, I teach too! I teach in the shop and also at some shows.

So thought I'd share that with you in case you are interested. The websites are not showing these yet - so just mark your calendars.

June 27 -  
River City Fiber Fest  
Peoria, IL  
Pickup Techniques on the Rigid Heddle Loom

August 12 - 13  
Michigan Fiber Fest  
Allegan, MI  
Wed: Tapestry for Beginners  
Thurs: Faux Ikat scarf on a rigid heddle loom

Dear Moya,

I hope you had a wonderful holiday and that you are staying warm through winter !

### FIBER RESOLUTIONS

I have been lamenting the lack of time to weave.....running a business really does take up a lot of time. So, this year I am scheduling myself time on my looms and not leaving it to chance. So far I have woven 2 towels using a weave structure I haven't used in 30 years!

I hope you also have the time to pursue your fiber passions - let me know if I can help!

Happy New Year!

### Coming Soon!!!

I've had some requests - and now I am letting the rest of you know.....  
**Riveting** - everyone's favorite recycled denim yarn will soon be available on cones - woohoo! Great for knitters & weavers. If you would like to pre-order your favorite color, send me an email.

Aprox 1600 yards / cone  
Weavers sett: 10-12 epi  
Knitters: 26sts x 32 rows = 4" on US #4 - sport weight

Sincerely,

Barb Gallagher
